STRATEGIC PLAN CRITICAL SUCCESS FACTORS

- Engaged and Connected Residents
- Efficient, Responsive, and Effective City Services
- Fiscally Responsible and Transparent City Government

BACKGROUND

The City of San Marino’s fiscal year (FY) runs from July 1 of one year to June 30 of the next. As such, the current year’s budget concludes on June 30, 2018. On March 14, the City Council voted to adopt a Resolution of Continuing Appropriations, postponing adoption of next year’s budget (FY 18-19) by two months, in order to give the organization an opportunity to incorporate the results of the newly-adopted Strategic Plan and the recommendations of the Long-Term Strategic Financial Planning Committee. In sum, this means that the budget will be adopted by September 1, but be retroactive back to July 1. In the meantime, we will operate during those two months on a “business as usual” method, meaning that no new expenditures or projects will commence since City Council approval will not yet have occurred.

San Marino’s Municipal Code, in §02.03.04(I) specifies that... “In addition to the general powers as administrative head, and not as a limitation thereon, it shall be the City Manager’s duty and he/she shall have the power for Preparation of Budget: to prepare, submit, and recommend to the Council the annual operating and capital improvements budget.” This item will include verbal presentation to introduce our budgeting process and philosophy for the upcoming budget cycle.

DISCUSSION

We have built, and are continuing to build, the budget process from scratch this year. This is uncommon in municipal government. However, given the perception and reality of financial management challenges over the last few years, maintaining our past practice would have been irresponsible. Similarly, a majority

of the team is new – 3 of 5 Council Members and 6 of 9 Executive Team members are going through the budget process here for the first time.

The FY 18-19 budget will be a transitional budget. By this I mean that we will be correcting much of the technical and procedural issues from last year (and beyond), but we will still have work to do in the following year. We appreciate the Council's understanding about the complexities and special nature of municipal budgeting and support for our ongoing efforts to offer professional administrative and financial management. In other words, we aren't yet where we want to be, but we're glad to not be where we were!

Over the course of this meeting, the City Council will receive a presentation on the Capital Improvement Program from Parks & Public Works Director Michael Throne, our long-range financial outlook from Finance Director Josh Betta, and the philosophy of this year's budget from me.

As noted earlier, the Code places the responsibility on my shoulders to present an appropriate budget to the City Council that represents our shared vision for the organization; the Executive Team and I have been hard at work to craft such a budget and look forward to a detailed presentation at the June 29 City Council meeting. If the Council as a whole has any direction for me to consider when building the budget, we must receive it at this May 25 meeting in order to ensure timely budget adoption.

FISCAL IMPACT

None.

RECOMMENDATION

Staff recommends that the Council hear presentations on the budget process, outlook, and philosophy and offer policy direction as the City Council, as a whole, desires.

STRATEGIC PLAN CRITICAL SUCCESS FACTORS

- Efficient, Responsive, and Effective City Services
- Safe Community
- Fiscally Responsible and Transparent City Government

BACKGROUND

Since 2006, All City Management has been providing Crossing Guard Services to our Community, ensuring that our children get to and from school in a safe manner. Approximately two years ago, City Manager John Schaefer made the decision to pay for Crossing Guards when the Parent Teacher Student Association decided unilaterally to cease paying for this summer program. Based upon a request from the San Marino Unified School district and the Police Department's assessment, we concurred with their request. This decision was predicated on the safety for the students using the crossing guards and maintaining assignments of the crossing guards consistent with the normal school year.

DISCUSSION

The San Marino Police Department takes pride in serving our community by providing an efficient, responsive, and effective service to our city. During the past two years, summer school was held at Carver Elementary where we deployed two crossing guards at Huntington Drive and San Gabriel Boulevard.

Last week, the School District informed the City that summer school will be held at Valentine and Huntington Middle Schools. The San Marino Police Department was required to request the

AGENDA ITEM NO. 2

addition of two additional crossing guards bringing our total to four. A key element associated with this decision was to provide a safe, community crossing guard program and ensure the safety of our children as they walk between home and school. The San Marino Police Department's goal is to remain fiscally transparent through this report. The intent of the City is to include four Crossing Guards at the following intersections: Huntington Drive and West Drive, Huntington Drive and Virginia Road (north side), Huntington Drive and Virginia Road (south side) and Roanoke Road and Virginia Road for a six week summer session (June 4, 2018-July 13, 2018) The six week session is split into two parts. The total projected cost to the City will be as follows:

June 4, 2018 through June 30, 2018 at \$17.83 for 20 days at 4 locations.

A total of 16 hours per day at \$5,705.60.

July 1, 2018 through July 13, 2018 at \$19.18 for 9 days at 4 locations

A total of 16 total hours per day for \$2,761.92.

Total = \$8,467.52.

FISCAL IMPACT

The FY 2017-18 budget for crossing guard services is \$119,600. This amount includes the cost of two crossing guards in the amount of \$4,449.76. Since the total cost for the four crossing guards would be \$8,467.52, there will be an additional fiscal impact of \$4,017.76.

RECOMMENDATION

If the City Council concurs, an appropriate motion would be:

“I move to 1) authorize a budget amendment and appropriation from Public Safety Fund reserves in the amount of \$4,018 to Police Department account #103-30-4150-0000; and 2) authorize the City Manager to amend our current contract agreement and include four Crossing Guards from June 4, 2018-July 13, 2018 with a total cost not to exceed \$8,467.52.”
