

CLEAR Message – Suspect and Suspect Vehicle Descriptions 2010

Dear CLEAR Subscriber:

Last week we sent out two separate CLEAR messages referencing a burglar working in our community. Since that time we have had no crimes reported in San Marino where the method of operation (M.O.) was the same as the burglaries reported last week.

This message is being provided as an update to let you know that while the suspect(s) have not struck again, they have also not been identified or apprehended.

San Marino Detectives are following up on these cases and working forensic evidence for possible leads. In addition we have increased our day time patrols, including officers in unmarked cars. We are also asking residents to be watchful and promptly report any suspicious activity.

Again, the male suspect we are looking for was described as:

Male Hispanic, 20-30 years of age, approximately 180 pounds with black hair and brown eyes, wearing a black shirt, dark baseball cap and blue jeans.

The female accomplice was only described as a female with dark hair and their vehicle was described as an older model Pontiac Grand AM, dirty grey in appearance, four door, with tinted windows. A photograph of a vehicle that is similar to the one driven by these suspects is below.

We will continue to keep you updated on developments with this case.
