

### **CRIMINAL ACTIVITY ALERT**

At approximately 10:30 a.m. on Tuesday, September 22, 2209 a series of suspicious activities occurred in the area of Orlando Road and Orlando Place, and in the nearby area of Oak Grove and Virginia Roads.

At two separate locations, a tan four door Honda was seen with two male black occupants. The young male black passenger of said vehicle exited the car and walked to the rear yard of the home. Once in the rear yard, the subject used a brick or patio tile to break a rear window and attempted to gain entry. At one location, it is believed the subject made entry to the home, but did not remove any property. It is unclear if the subject was scared away by a police patrol, or if he became nervous when neighbors alerted on the vehicle waiting out front.

Please assist the department in reporting any suspicious vehicles, persons or activity in and around the homes in your area. Working together to identify and react to unusual vehicles and suspicious persons is the primary means to preventing crimes and apprehending criminals in our community.

Thank You

San Marino Police Department
