Re-envisioning San Marino Recreation

City Leaders have been working on re-envisioning the San Marino Recreation program for a couple of years now in order to better meet the community’s needs. It’s exciting to announce that we’re finally in the home stretch! In January, the results from the Recreation Needs Assessment survey were made available in person via several community meetings, and online via the City’s website at https://www.cityofsanmarino.org/recreation_re-envisioning.php. The final report from that survey is expected to be available in March and will be added to the City’s website at that time.

Interim Community Services Director Josette Espinosa is hard at work with the community, via the City’s Recreation Commission and Council-Appointed Blue Ribbon Committee, to develop a proposal for City Council consideration that will include ideas for a re-focused recreation program, a realistic and prudent fiscal and budgetary projection, and plans for optimal usage of Stoneman School (previously owned by the San Marino Unified School District and currently the home of the City’s Recreation Program) and the San Marino Center, located next to the beautiful Crowell Public Library. We expect this presentation to occur at a City Council meeting in April — stay tuned for details.

In the meantime, we want to hear from you! If you have ideas about recreation programming that would better serve you and/or your fellow community members, please reach out to Director Espinosa at (626) 403-2200 or jespinosa@cityofsanmarino.org.

Tree Preservation Ordinance

Trees are a foundational layer of our beautiful community. The Tree Preservation Ordinance, which became effective February 8, 2019, focuses on the protection and reforestation of our City to enhance this valuable community asset. To ensure that the City maintains this asset, the City would like to take this opportunity to remind the community of the key components of the Tree Preservation requirements.

In your review of the Tree Preservation Ordinance, it is important to note the definitions of Established Trees and Heritage Trees, the notification and posting requirements, the requirements to obtain a permit, obtaining a licensed tree trimmer and the penalties for violating the requirements. For your reference, the following link will direct you to the Tree Preservation Ordinance and the Tree Preservation Summary and Guidelines: https://www.cityofsanmarino.org/government/departments/planning___building/index.php

If you have any questions related to the Tree Preservation requirements, please contact Urban Forester, Sammy Estrada (626) 300-0774
A Message from Police Chief Incontro
“Crime Prevention Tips”

As some of you are aware, the Department delivered our End of the Year Department Update to the Council in January. The Department is pleased with the results of their community engagement efforts, reduction of residential burglaries, and decrease in injury related traffic collisions.

Two areas of concern for both our community members and the department has been the increase in thefts of packages, thefts from unlocked cars, and burglaries from cars. The following will describe simple solutions to prevent these type of opportunistic thefts.

Package thefts have increased since all of us have utilized internet shopping services rather than brick and mortar stores. Once delivered a package or packages sit at our front door for hours and in some cases days. The package becomes a target for opportunistic thieves and those that regularly prowl neighborhoods looking for packages sitting near front doors that are visible from the street. Here are a few tips to prevent these crimes and make your neighborhood safer:

- Tracking numbers let you see when your package is supposed to arrive. This gives you the ability to pick up the package immediately upon delivery or to set up an alternate method of pick up.
- Ask your neighbor to please pick the package up for you or leave a note on your door instructing the carrier, where to leave the package or request the delivery to be at a location where somebody will be home.
- Request a “Signature Delivery Option.” This ensures the package will not be left on your doorstep. If you are unable to sign, the package will be taken to the post/carrier office.
- Request a specific drop off time when you will be home.
- Use a post office box and pick up all your packages there.
- Have packages delivered to your workplace if possible.
- If purchasing something online from a large retailer, have the item delivered to a local branch of the store so you can pick it up in person.
- Request the shipper to hold the package at their facility for pick up.

The simple steps will reduce the opportunity for theft, ensure you receive the item you ordered and keep you from being a victim of a preventable crime.

The other area of crime reduction I want to discuss is theft and burglary from vehicles. Thieves look for vehicles that are left unlocked or where the owners have left items of value inside and visible to those walking past the car. To prevent yourself from becoming a victim of these types of crimes remember to:

**Hide it, Lock it, Keep it**

The majority of vehicle related crimes occurred because the vehicle owners have left handbags, computers or backpacks visible inside the car. By following the simple phrase, Hide it, Lock it, Keep it will help prevent these crimes.

It is important to lock your car at home and to remove items of value that remain in the car or place them in the trunk or area that is not visible from the outside. Items such as handbags, smart devices, lap tops and other items of value can be sold or exchanged for things the thief may need. Take the few minutes when you leave your car to hide your valuables, lock your car and that way you will keep your personal property.

Thank you all for the support of your police department and most importantly for working together with us by reporting suspicious activity in your neighborhoods. Should you have a question or suggestion for the department, an interest in participating in our neighborhood watch program, or questions about security and safety please call us at (626) 300-0720 or email us at police@smpd.us.

A Message from Police Chief Rueda
“It is not if, But when”

When a catastrophic earthquake hits California, buildings could topple and hundreds of people could be killed. Complications would be a widespread lack of water, power, and significantly disrupt our daily lives. In Southern California, it may be hard to move around. Streets may be clogged with debris, traffic lights wouldn’t work and bridges would be damaged, the USGS says.

Which areas would be most affected depends on which fault ruptures. A magnitude 7.5 earthquake on the Puente Hills thrust fault directly underneath downtown Los Angeles would be catastrophic there, but would leave other areas outside of Los Angeles in better shape. A significant rupture of the Raymond Fault could have serious impacts in our own City of San Marino.

Experts say it would be much better to shelter in place at home. Owners can prepare to do so by retrofitting older homes at risk of sliding off their foundations or collapsing in an earthquake. Residents can prepare by storing water, food, medicine and other supplies to sustain themselves for, ideally, two weeks, or at a minimum of 72 hours. A gallon of water per day per person is recommended.

But most Californians unfortunately don’t prepare, and not stocking up on something as basic as drinking water could lead residents to leave even if their homes are structurally sound. Fire Chief Rueda stated, “We will be here for residents in a disaster, but homeowners preparing in advance for disaster will make a significant difference in the health and safety of our City. The City of San Marino wants to give that preparation a kick start!”

The Fire Department is once again offering a Disaster Preparedness Seminar for residents. However, this seminar is different. As an added incentive for residents to prepare, the San Marino Fire Department will be offering free Disaster Preparedness Kits for San Marino residents 55 years old and over that successfully complete the 2.5 hour course. The course will cover basic first aid, utility safety and emergency shutoff procedures and other safety tips for use during a disaster. This program is possible due to the support of the San Marino City Council. Residents will be required to show proof of residency to secure the Disaster Preparedness Kit.

The Disaster Preparedness Seminar will be held Tuesday May 12, 2020, from 1:00 pm to 3:30 pm at the San Marino Center, 1800 Huntington Dr, San Marino, California 91108.

STITCHED & SEWN
The Life Saving Art of Holocaust Survivor
Trudie Strobel
Book Talk by author JODY SAVIN
Sunday, May 3, 2:00-4:00 P.M.
In Stitched & Sewn, Jody Savin tells the dramatic story of how a needle and thread saved Trudie Strobel’s life twice, and Ann Elliott Cutting’s photographs showcase Trudie’s remarkable works of art. Responding to a paralyzing depression in adulthood, at the suggestion of a therapist, Trudie attempted to draw the memories that haunted her. She did— but with a needle and thread instead of a pencil. Resurrecting the Yemenite stitches of her ancestors, and using the skills taught by her mother, whose master seamstress talent had saved their lives in the camps, Trudie began by stitching vast tableaus of her dark and personal memories of the Holocaust. What began as therapy exploded into large narrative tapestries—works of breathtaking art.

Bridge is a game for active minds and is recognized universally as the best, most challenging and interesting of all card games ever invented. The San Marino Bridge Club plays tournament style, commonly referred to as Duplicate Bridge. The Monday night game is a novice game and requires a partner. If a partner is needed, please call Marie Nimmrich at 626-448-3304 at least 24 hours in advance. Bridge is a game that can be played well, but never mastered. There is always something new to learn that will make you a better player. Snacks will be provided.

**Pageant of Our Lord**

**Saturday, April 4, 2020**

Now in its 35th year, the “Pageant of Our Lord” is presented annually during the Easter season by Rolling Hills Covenant Church. Fifteen art pieces are presented by live models with magnificent orchestrations from a 60-voice choir and original narration to lead the audience on a unique journey through Christ's life. Inspired by the world-famous “Pageant of the Masters” in Laguna Beach, the “Pageant of Our Lord” depicts the Biblical history of the Old and New Testaments as told through great works of art, and are replicated live on stage with living models. Time permitting, you may see some of the models applying their makeup. In the spirit of Italian culture, our lunch will be served family style at Bucca de Bepo. **Songs of Motown by Kulayd**

**Thursday, May 14, 2020**

Over a half-century ago in 1959, a young African-American song-writer named Barry Gordy founded Motown Record Corporation with an $800.00 loan from his family. Gordy’s legendary Motown made its mark not just on the music industry, but society at large, with a sound that has become one of the most significant musical accomplishments in American history. With the distinctive blend of Pop, R&B, Soul and Gospel, couples took the dance floor by storm. When you hear the vocal group Kulayd, you just might want to get up and dance. This high-energy group will perform songs from Motown like Earth Angel, My Girl, Midnight Hour, Twist and Shout, I Only Have Eyes For You, and many more. We will have our lunch at Almansor Court (Menu Below) then sit back and watch the show.

**Menu Choices** (Includes Salad, Mashed Potatoes, Vegetable Medley, Warm Rolls, Ice Cream Sundae, Coffee, Tea and Wine.)
1. Teriyaki Chicken  
2. Veggie Pasta

PRESCHOOL Programs

Our Mission is to assist in the development of children physically, intellectually, emotionally, and socially through age appropriate play, music, and pre-academic interactive activities. We strive to provide a safe and nurturing environment that our students feel welcome and comfortable to learn in.

Each class is taught by trained, caring, and enthusiastic staff. Your child can begin his or her preschool adventure with a parent and me class, then transition into an independent two’s class or three’s class. Whichever program best fits your child’s needs, we will be ready to provide fun and learning!
