**WASTE MANAGEMENT
 PLAN SUBMITTAL
 (PLAN CHECK)**

In an effort to comply with Assembly Bill 939, the City of San Marino requires that at least fifty percent (50%) of construction and demolition debris be diverted. The following is a list of qualifying projects:

1. Residential additions of 1,000 square feet or more of gross floor area;
2. Tenant improvements of 3,000 square feet or more of gross floor area;
3. New structures of 1,000 square feet or more of gross floor area;
4. Demolition of 1,000 square feet or more of gross floor area.

Please accompany the following information with your building plans for plan check submittal.

Property Owner: _____

Phone No.: _____ Email Address: _____

Project Address: _____

The estimated weight (in tons) of construction and demolition debris: _____

The estimated weight (in tons) of construction and demolition debris that will be diverted: _____

The estimated weight (in tons) of construction and demolition debris that will be landfilled as solid waste: _____

The estimated dates on which demolition or construction is to commence and conclude: _____

The identification of the hauler(s), vendor(s), and facility(ies) that will collect or receive the diverted and landfilled construction or demolition debris or that will deconstruct the structure, and:

NOTE: Once the project is complete, a Waste Management Compliance Report is required to be submitted. Failure to comply with the diversion requirement will result in an infraction and withholding of the final inspection for the building permit.
